PROJECTS

• **MY PORTFOLIO - HTML, CSS, JAVASCRIPT**

Semantic HTML5 foundation for clear structure, and easy screen- reader navigation. Responsive, mobile-first layout build with CSS Flexbox/Grid - adapts smoothly from phone to 4k Monitor. JavaScript interactivity for smooth scroll, modal/project filter, form validation without any frameworks. Showcased multiple projects with descriptions and link to Github. Added favicon, meta tags, and social links for a complete professional touch.

• **CALCULATOR**

Developed a calculator using HTML, CSS and JavaScript featuring responsive design, clean UI, and full functionality for basic math operations and time tracking.
